Introduction

Remote Adventures Scenic Flights is a well established business run by **Jim Larsen** and offering a range of **scenic flights** over the beautiful Golden Bay area, and now also further afield to Paraparaumu.

Jim's **Heaphy Track** service connects with more centres and will fly with just 1 passenger if requested. He has daily flights between Takaka, Karamea, Nelson, Motueka. Shuttles to and from most locations can be arranged.

Jim has been flying trampers to the Heaphy Track connection centres for the last 7 years including a connection to the start of the track at the Collingwood end. **He is the only fixed aircraft operator that can do this.** Fly with Jim in his 5 passenger Cessna 185. High wings give excellent viewing, an opportunity to open a window makes **ideal photography**.

He has built up an excellent reputation for consistency and **safe flying** with the communities of Golden Bay & Karamea, and with both information sites in these centres and the Department of Conservation. He also has a high ranking for safety with the Civil Aviation Authority. He resides in the only house adjacent to the Takaka airport including passenger reception.

Visit Jim at Takaka Airport.

"What a wonderful part of New Zealand to visit. The trip with Jim at Remote Adventures was one that will be remembered for the rest of my life. The scenery on the flight down was breath-taking." Jackie Knight
