APPLICATION FOR BOOK FUNDING

An application for funding towards the publishing of a book of relevance to the activities of Federated Mountain Clubs should cover:

- 1 Proposed title of the book
- 2 Proposed format of the book [Estimated number of pages / size / hard or soft cover]
- 4 Proposed market
- 5 Marketing strategy
- 6 Publisher
- 7 Timing of the writing / printing / publication
- 8 Budget
- 9 How the book fits in with FMC Mountain & Forest Trust objectives.
- 10 Amount sought.
- 11 Other sources of funding.
- 12 How any support provided by FMC Mountain & Forest Trust will be acknowledged.

When FMC Mountain & Forest Trust agrees to support a book the normal procedure is:

- When the book is printed the publisher sends one copy of the book to FMC Mountain & Forest Trust together with a GST invoice for the agreed amount of support.
- The FMC Mountain & Forest Trust will then on 20th of month following receipt of the invoice send the payment to the publisher.

As a general rule the FMC Mountain & Forest Trust does not make payments directly to authors.

An author may submit a request for support by way of funding a particular aspect of research or publication instead of a grant towards the overall costs. In this case payment would be made on receipt of an invoice detailing the costs, as agreed, for the particular aspect.
